

1660760K : 66 Table Saw, 3HP 1PH 230V, with 50" Accu-Fence System

The classic since 1966 is the smoothest running table saw in its class. This heavy-duty left tilting table saw features a cast iron table that is precision ground and polished to a fine mirror finish. The exclusive 3VX-belt drive distributes torque more efficiently and generates less heat while operating virtually vibration-free.

### Features and Benefits

- Cast iron table is precision ground and polished to a fine mirror finish
- Left tilting blade prevents stock from binding between the blade and fence, substantially reducing the possibility of kickback
- Wide stance, heavy-duty, one piece trunnion for smooth raising and tilting of saw blade
- Exclusive 3VX-belt drive distributes torque more efficiently and generates less heat while operating virtually vibration free
- Accu-Fence® system ensures accuracy, available with 30" or 50" to the right cutting capacity
